Professional Experience

ZH TECH Karachi, Pakistan
Software Developer *Sept 2024 – April 2025*

- Developed a real estate platform enabling seamless property browsing, check availability, and online bookings, while empowering admins or landlords to manage property listings and user inquiries.
- Developed a pharmaceutical website showcasing company products, services, mission, and careers, with an integrated “Contact Us” page to enhance visitor engagement.
- Developed a furniture & interior business website featuring product collections, trending designs, service offerings, customer feedback, and real-time form submissions using EmailJS.
- Collaborated with UI/UX designers to build responsive, mobile-friendly websites using Bootstrap 5 and Tailwind CSS, ensuring smooth cross-device functionality and modern design.

THE ALGORITHM PK Karachi, Pakistan
Web Developer & Instructor *Jan 2024 – Aug 2024*

- Evaluated software developer bootcamp students on HTML, CSS, Bootstrap 5, JavaScript and MySQL.
- Educated 20 NAVTTC Students on web development, using the modern technology such as HTML, CSS, Bootstrap 5, JavaScript, PHP and MySQL.
- Conducted research, and documented check sheets, prepared slides, and compiled over 150 glossaries entries relevant to web development on Google Sheets.

Projects

PULSE CRM Mar 2025 - Apr 2025

- Developed: A complete CRM solution built for hospitals and clinics to streamline operations. With dedicated portals for Admins, Doctors, and Receptionists, the system simplifies tasks like appointment management, shift scheduling, billing, inventory, and salary generation.

VISA AUTOMATION CRM Aug 2024 - Sept 2024

- Developed: A CRM web app where applicants can apply for visas, read FAQs, track their application status, and submit inquiries. Admin can view dashboard analytics, manage registered users, approve/reject applications via a centralized dashboard.
